EDUCATION

University of Wisconsin - La Crosse

Bachelor of Science in Computer Science, Minor in Spanish

Sep. 2023 – May 2027 (Expected)

Master of Software Engineering with Cybersecurity Emphasis

May 2027 – May 2028 (Expected)

- Enrolled in the Dual Degree Program of Computer Science and Master of Software Engineering

WORK EXPERIENCE

Trane Technologies

June 2026 – Present

Developer Intern

La Crosse, WI

- Develop enhancements for Trane Select Assist (TSA), an HVAC selection and configuration application.
- Analyze TSA's efficiency, performance, and consumer feedback to provide actionable improvements.
- Prototype new technology solutions to improve equipment selection workflows and user experiences.

Trane Technologies

June 2025 – May 2026

Software Controls Test Intern

La Crosse, WI

- Research, Develop, and execute various testing scripts based on product requirement specifications.
- Apply secure software engineering principles and industry standards in test management.
- Collaborate with engineering teams to innovate high-quality, reliable controls systems
- Analyze test results, identify defects, and document results for software developers.

PROJECTS

PhishGuard | *Python, HTML, CSS, JSON, Javascript, TypeScript*

July 2025 – Present

- Develop a full-stack app integrating a ReactJS and Chrome Extension frontend with a Flask backend.
- Engineer a machine learning pipeline to improve model classification alongside constant user feedback.
- Won first prize at the 2025 La Crosse IEEE Innovators Summit for excellence in Cybersecurity innovation.

CODERS Club Website | *Angular Framework, JavaScript*

January 2025 – Present

- Lead a team to design and develop a responsive club portfolio website utilizing the Angular Framework.
- Implement webpage transitions using Angular's router animations, enhancing user experience and navigation.
- Build modular TypeScript components with dynamic content rendering, improving code maintainability and website performance.

TECHNICAL SKILLS

Languages: Assembly, C, C#, CSS, HTML, Java, JavaScript, Python, Robot Framework, SQL, TypeScript

Developer Tools: Jupyter Notebook, Linux, Selenium, TortoiseSVN, Visual Studio, VS Code, WinSCP, Wireshark

Certifications: Microsoft Office Specialist (Office 2016), Machine Learning Specialization (Stanford Online and DeepLearning.ai), Deep Learning Specialization (DeepLearning.ai)

INVOLVEMENT

University of Wisconsin - La Crosse CODERS Club

Sep. 2024 – Present

Club President

La Crosse, WI

- Foster a collaborative and welcoming environment that encourages peer learning and support.
- Build partnerships with local organizations and schools to expand community engagement.
- Organize club meetings, events, and local volunteering opportunities.

Computer Science Academic Tutor

Jan. 2024 – June 2025

Tutor

La Crosse, WI

- Demonstrate strong communication by simplifying complex concepts for student understanding.
- Format tutoring sessions to student needs, fostering a personalized learning experience.
